Beijing, China · marsnavi.com

Who We Are: Rui Li & MarsNavi

Rui Li

Founder, MarsNavi

Beijing, China

- 20 Years in EdTech · 13,000+ Teaching Hours
- Chief Designer: HD Video & Dual-Teacher Live
- Author of “The Core of Product”
- Founded MarsNavi in the AI Era (Ages 8–14)
- 6-Kid Online Teams Solving Real Problems

Session Overview

PART 1

AI Breaks Three Walls in PBL

Knowledge, Coaching & Shipped Results

PART 2

AI-Driven PBL Data Management

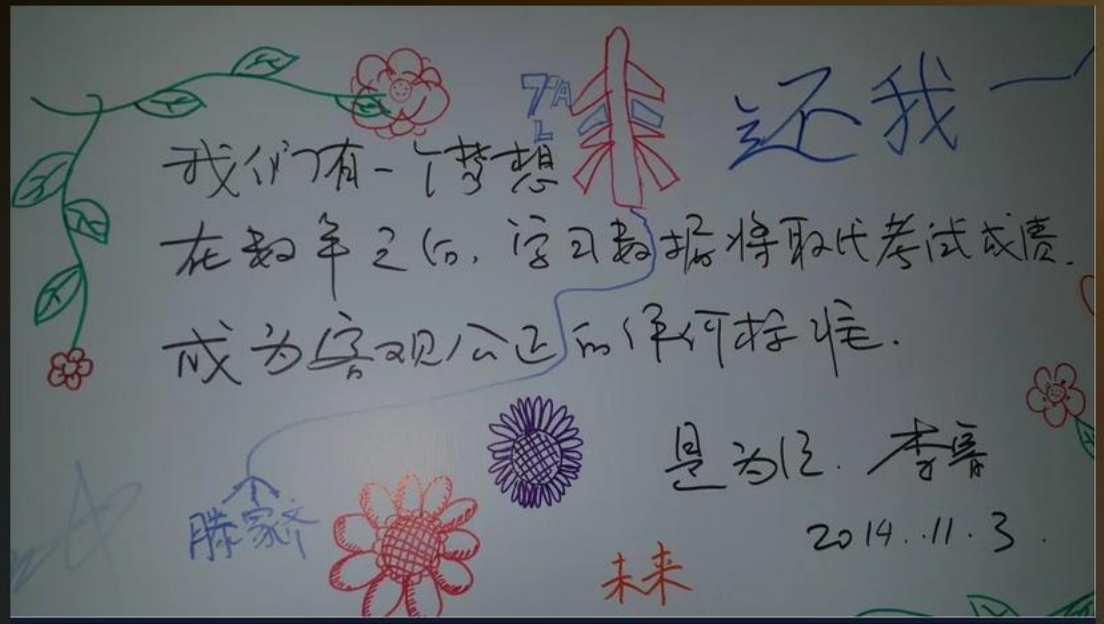

3–5 Min Pipeline, 4 Dimensions & Peixi's 7 Terms

PART 3

Roles of Child, Coach, and AI

Clear Division of Labor in AI-Powered PBL

Our Starting Point: Nov 3, 2014 to the AI Era

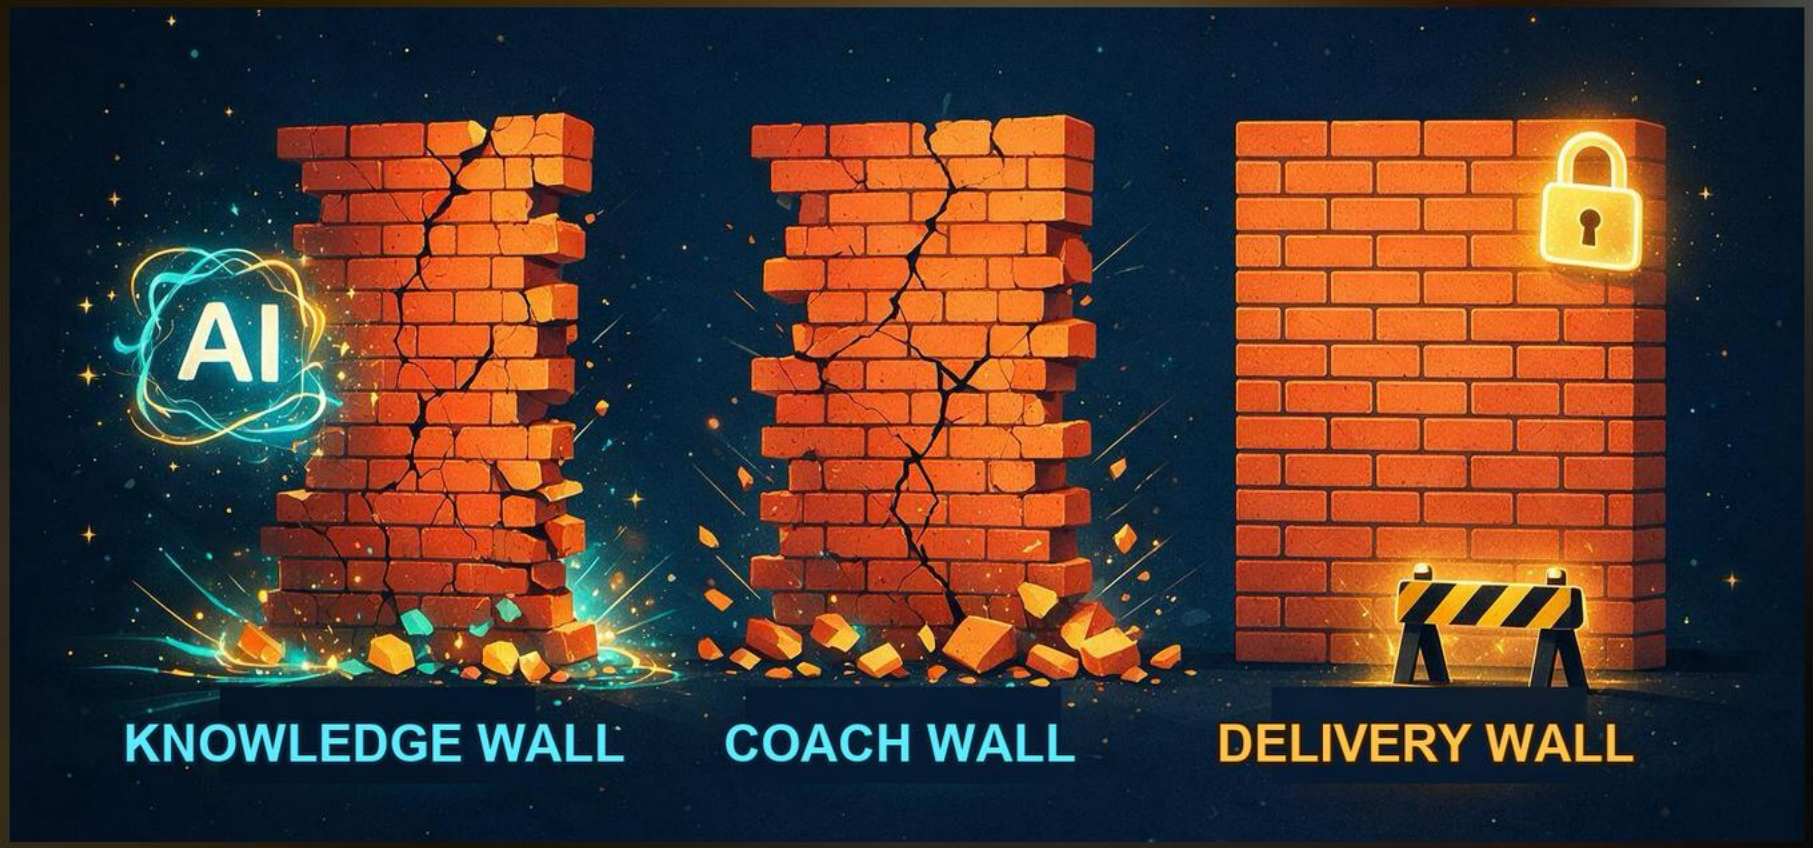

EN TRANSLATION · Nov 3, 2014 Office Whiteboard (Signed by Rui Li)
"We have a dream: Years from now, learning data will replace exam scores as an objective and fair standard of evaluation." — Rui Li, Nov 3, 2014

Nov 3, 2014 Wall: “Learning data will replace exam scores as a fair standard.”

MarsNavi in the AI Era: 8–14yo Kids Solving Real Problems Together with AI

Part 1 · How AI Breaks Three Walls in PBL

On-Demand Knowledge

0.5 Prototype First

Ship Real-World Results

Knowledge Wall: Cross-Disciplinary Learning via AI

1. Problem-Driven Inquiry via AI

Start from a product problem & query AI
layer by layer (replaces 3–4 grad TAs)

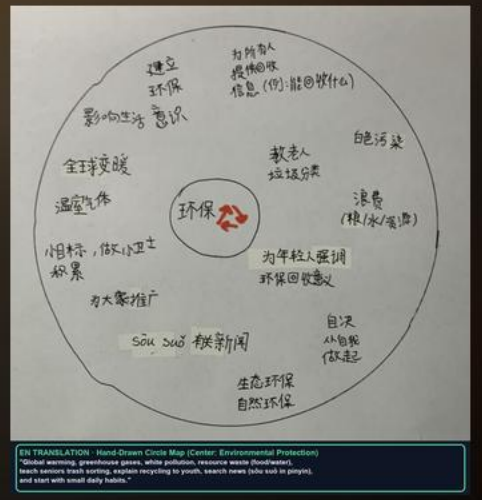

2. Psychology · Dream Analysis Bot

Learned Freud's Dream Analysis via AI
& unpacked 4-step dream logic

3. Vet Care & Vision · Cat & Prism

Built a 20k-word cat care & budget
KB + animal vision simulator web app

Coach Wall: Less Prep, Higher Human Bar

1. Before AI · Full-Tree Prep

Only coach gave feedback — had to pre-master every branch in advance

2. With AI · “Do It First”

Run 0.5 prototype (Time App bugs); domain prep pressure drops sharply

3. High Bar · Select, Don't SOP

30–45yo leaders: child rapport & pushing through real team friction

Delivery Wall: Products With Real Results

1. Enterprise Problem Solved

Restaurant Chain Incident Reporting Bot: Studied real store archives, distilled a 4-part standard & shipped a live Coze bot

2. National NYE Broadcast

Friends of Time New Year's Eve Keynote: Designed & shipped 34 regional tribute covers live to the national stage screen

Part 2 · Why Process Management Became Simple

Bottleneck: Process management & coaching support — Online + AI made both simple.

Factor 1 · Online

100% Natural Process Capture

- Kids debate 2.5h online in Feishu
- 80k–150k spoken words / session
- ~900 speaker slices (10M+ words)

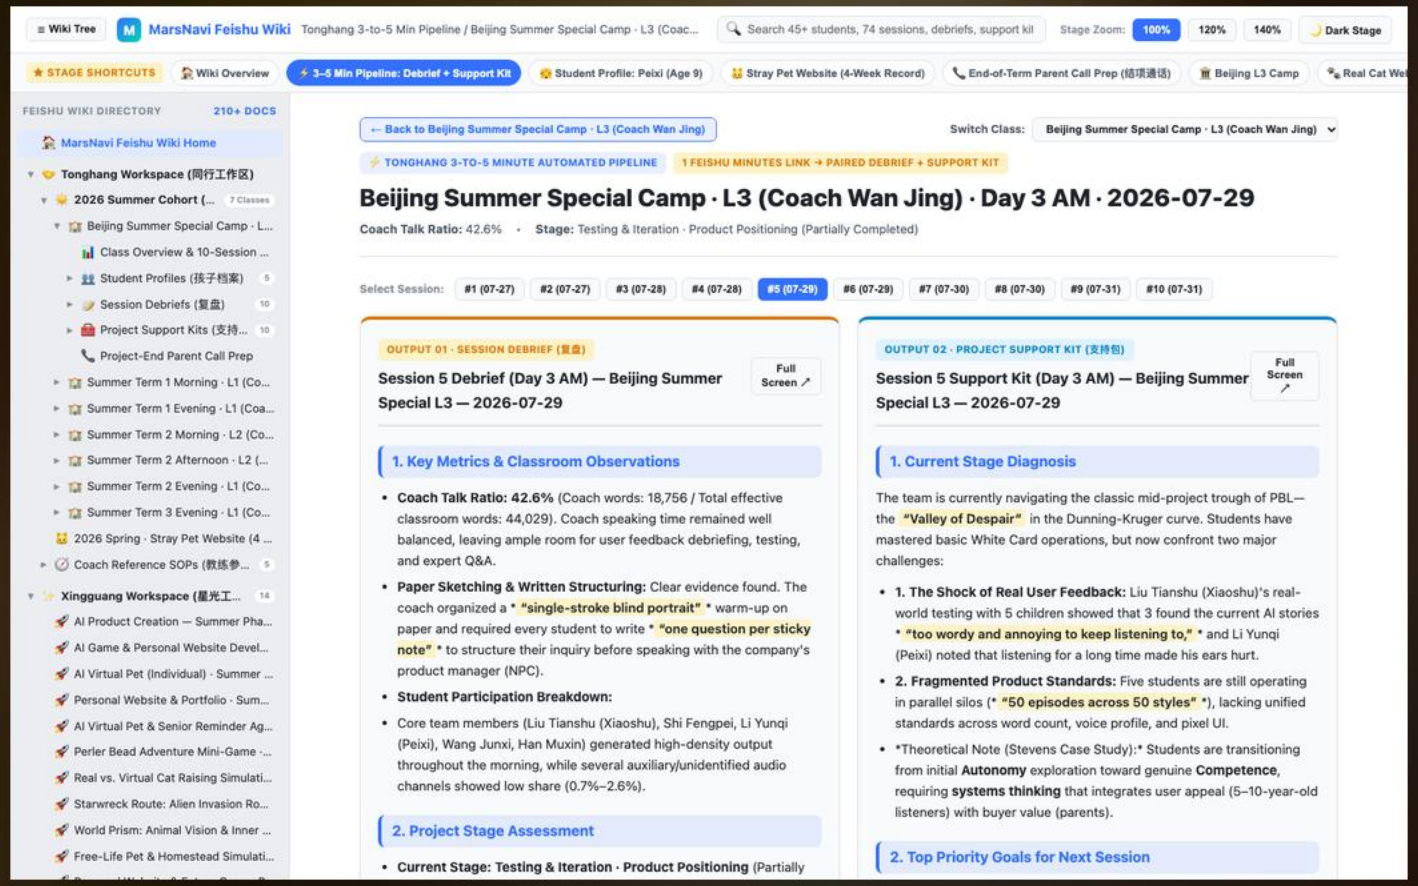

Factor 2 · AI

Standardization in the System

- In the system, never on the coach
- 3–5 min automated Wiki synthesis
- 80% prep saved — focus on kids

[Click: Live Feishu Wiki ->]

Feishu Wiki: 3–5 Minute Automated Coach Pipeline

1. Session Debrief

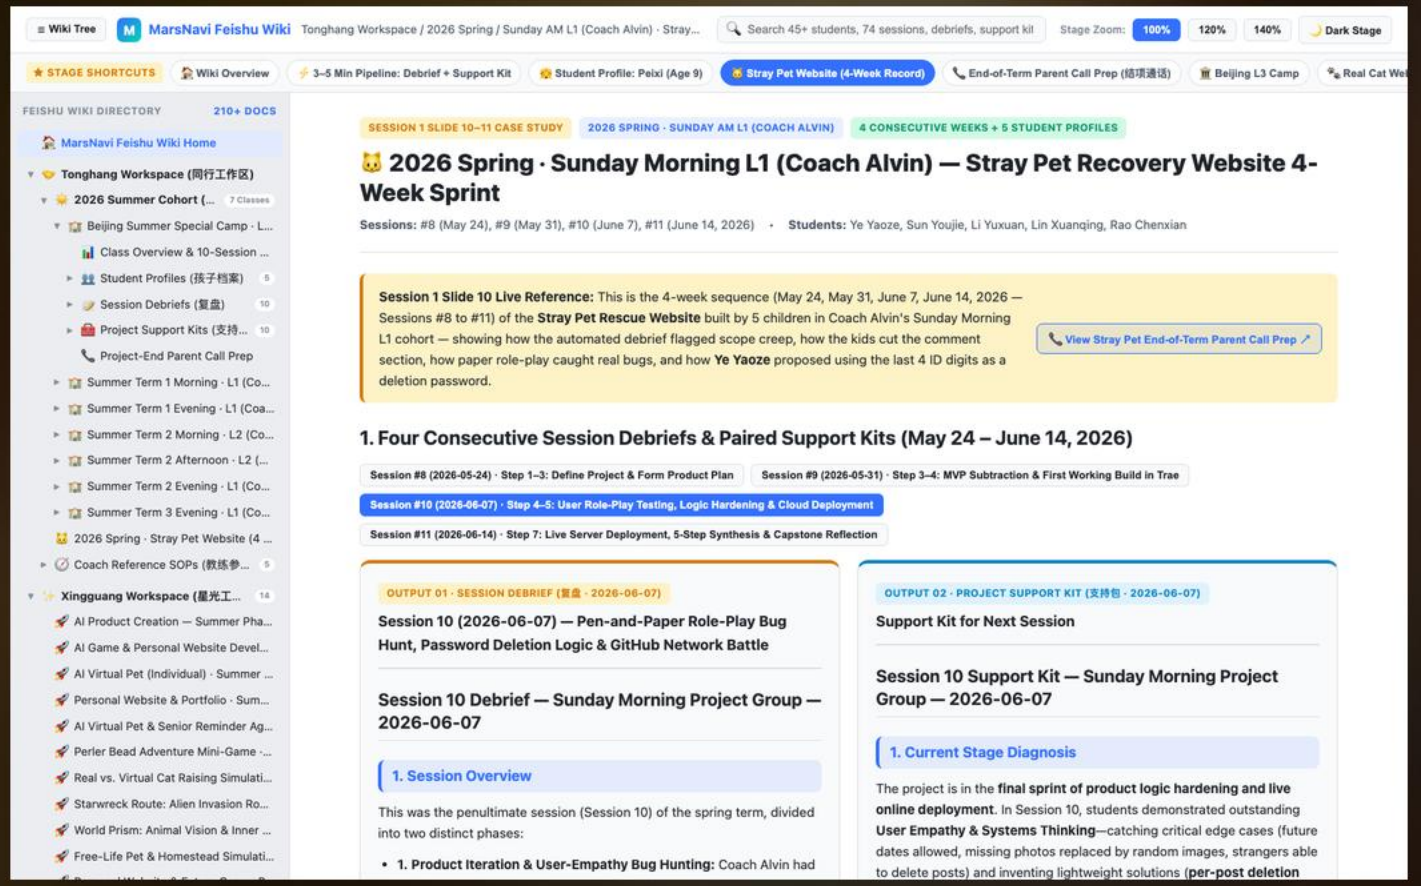

2. Project Support Kit

3. 80% Admin Time Saved

PART 2 · AI-DRIVEN PBL DATA MANAGEMENT

[Click: Live Feishu Wiki ->]

Feishu Wiki: Student Profiles & 4-Week Project Trace

1. Student Profiles

2. 4-Week Stray Pet Trace

3. Exact Quotes & Scenes

Four Growth Dimensions & Academic Research

1. Logic · Vague → Structured

From 1-line wishes to multi-step plans, boundary rules & edge-case testing

2. Aesthetics · Generic → Taste

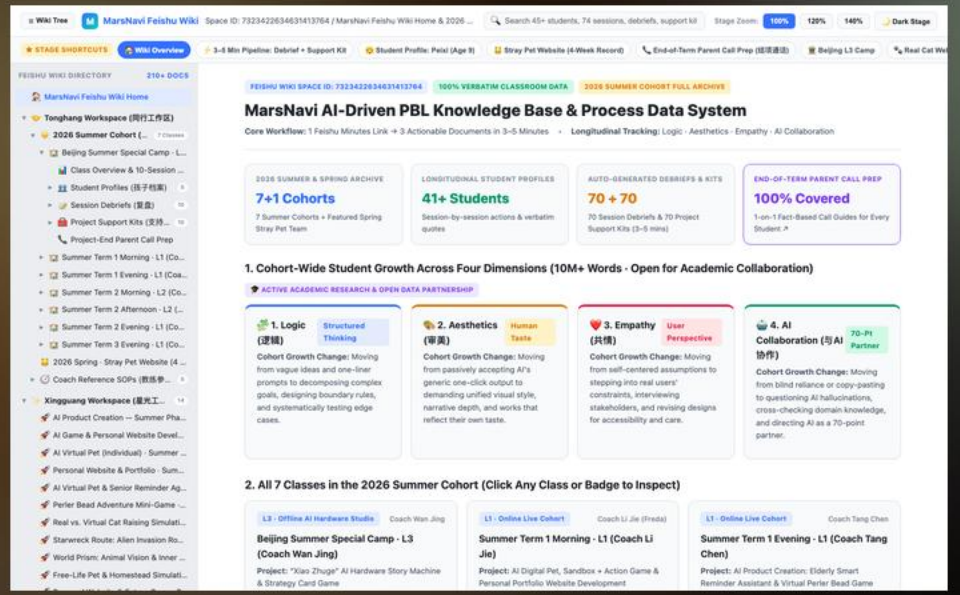

From accepting 1-click AI output to demanding unified style & depth

3. Empathy · Self → Real Users

From guessing needs to user interviews & redesigning for accessibility

4. AI Collaboration · 70-Pt Partner

From passive reliance to questioning AI, fact-checking & directing workflows

Active Academic & Data Collaboration

- 10M+ Spoken Words (~900 slices / 2.5h session)
- Discovering deeper cohort-wide growth patterns
- Open to data partnerships with global institutions

[Click: Parent Calls in Wiki ->]

Small Meetings, Coach Judgment & Parent Calls

1. Full Capture (Classes + Meetings)

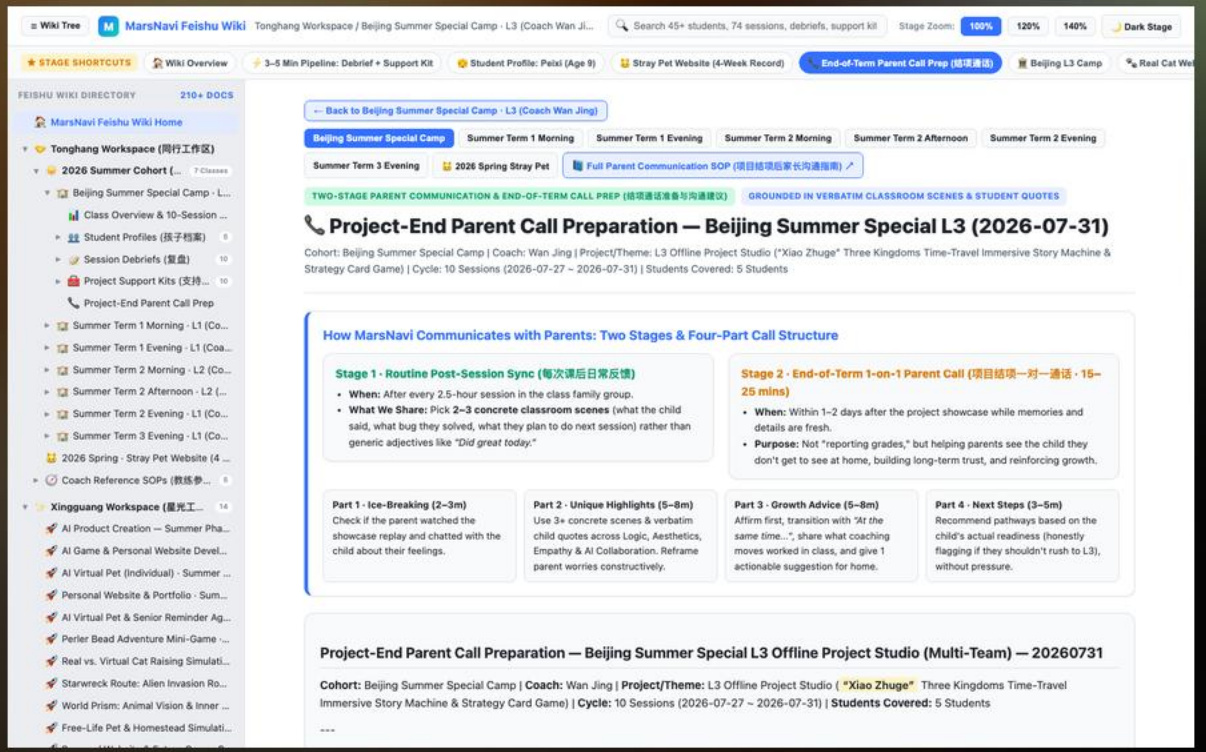

2.5h classes & mid-week kid meetings are all recorded and transcribed

2. Data Backs Coach Judgment

No rigid scripts — AI debriefs & kits empower live coach judgment

3. End-of-Term Parent Calls

15–25m 1-on-1 parent calls backed by 4-part Wiki call prep & exact quotes

[Click: Peixi 7-Term Wiki ->]

Peixi's 7-Term Growth Record in Feishu Wiki (L1→L3)

Spring 2025 – Autumn 2026 · 66 Sessions · 11 Projects · 380k Speech / 1M+ Wiki Words

1. L1 Authorship & Empathy · '25 Spr–Aut

"Never let AI polish your words" (100k Whys); recorded voice for Grandma & drew Emotion Wall

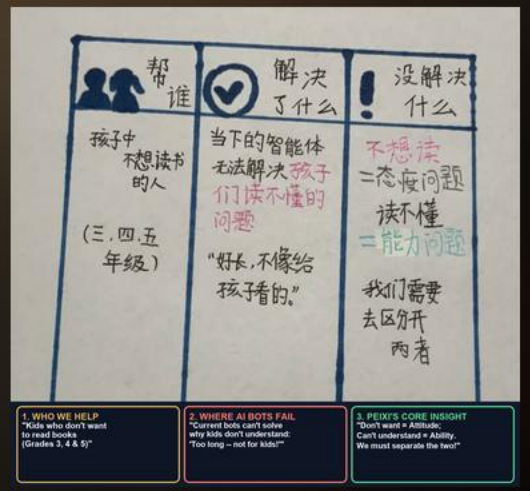

2. L2 Real-World Rejection · '26 Win–Spr

Separated attitude vs. ability; faced brother's rejection; 15m founder Q&A & 4-step Dream Bot

3. L3 Hardware Studio · '26 Summer

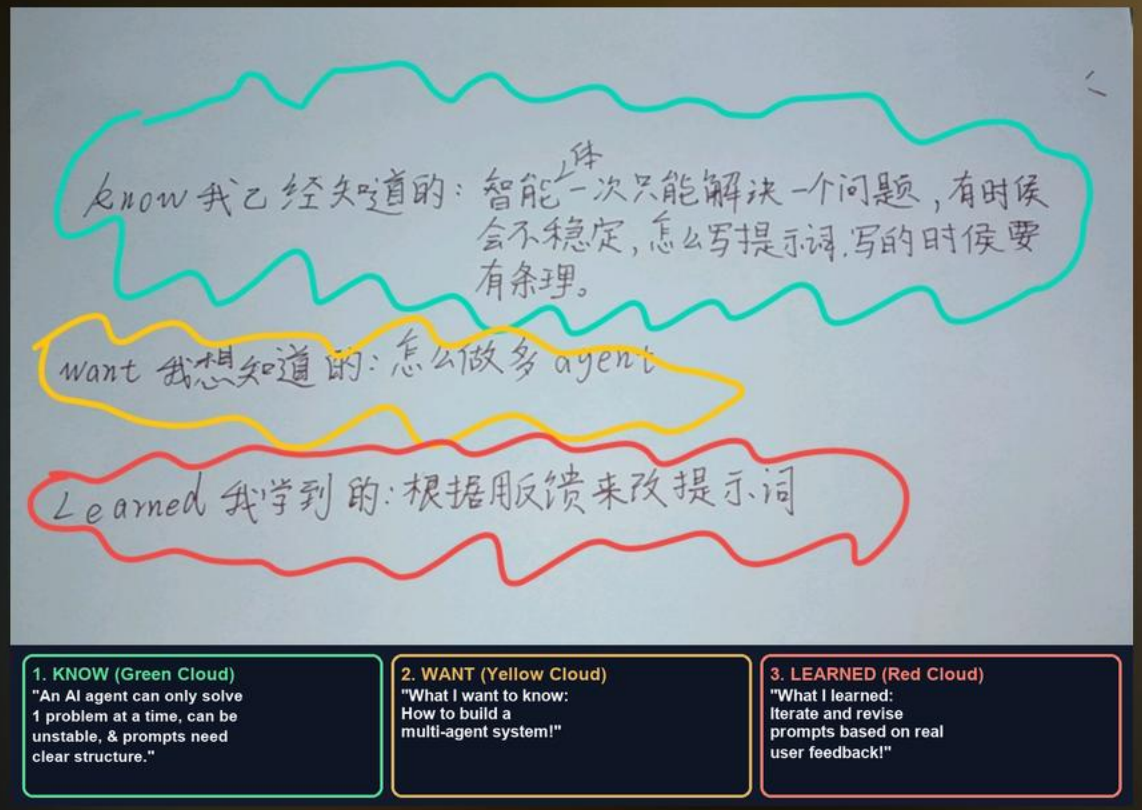

Hand-drew & 3D-modeled "Xiao Zhuge" IP; surveyed 8yo in park: "Fun for kids, useful for parents"

4. L3 Market & Team Leader · '26 Autumn

Surveyed 20 schoolmates on youth wellness, vetoed drawing lots & leads L3 market problem definition

Part 3 · Roles of Child, Coach, and AI

The Child

Defines problems, taste & decisions

The Coach

Guides, guards safety & live judgment

The AI System

Knowledge, 0.5 prototypes & 80% notes

MARSNAVI MISSION · OPEN ACADEMIC & SCHOOL PARTNERSHIPS

Bringing Authentic PBL into Every Child's Learning
